

What We Are Doing

Defense Strategies Institute is closely following developments regarding COVID-19. We wanted to outline some of the precautions we will be taking to have a safe and valuable event for all participants.

Social Distancing

Capacity limits are in place to allow for social distancing. We ask all attendees and speakers to practice social distancing at DSI events. This may include making every other seat available, physically removing every other chair to allow for extra space, and allowing seating in multiple rooms depending on the venue.

Mask Wearing

All attendees and staff will be required to wear a mask during the duration of the event.

Individually Served Food

Pre-packaged, single-serving options will be available for lunch and refreshments instead of buffets. Removal of "high-touch communal items" such as coffee pots.

No Handshakes

We will ask all event participants to refrain from handshakes. The post Covid elbow bump will be the recommended greeting.

Enhanced Cleaning

We will provide extra hand sanitizer along with other disinfectants and hand wash reminders.

Temperature Check

Infrared thermometers will be used to check guest's temperatures.

Along with the above listed items. All event participation should rest easy knowing DSI will have enhanced end of day cleaning of the meeting space along with temperature checks for staff.

The health and safety of all event participants is our top priority and we will remain in compliance with state guidelines and health precautions as outlined by the CDC.
